### FORT RILEY-2015:

### REQUIREMENTS TO MAINTAIN THE STANDARD

# FORT RILEY-2015 CAMPAIGN PLAN

**1<sup>ST</sup> INFANTRY DIVISION – CENTRAL FLINT HILLS REGION – FORT RILEY**

Since the 2006 return of the 1<sup>st</sup> Infantry Division to Fort Riley, Kansas within the Central Flint Hills Region, the Army has invested over \$1.38 billion (FY06–09) to modernize the installation. The significant construction projects at Fort Riley have provided Soldiers and their Families with a quality of life that corresponds with their quality of service. The Nation’s investment has directly impacted success on the battlefield in Iraq and Afghanistan; with six 1<sup>st</sup> Infantry Division brigades deploying to combat since 2006, over 16,500 advisors trained at Fort Riley contributing to the establishment of professional Iraqi and Afghan security forces, and the first deployment of the new modular Division Headquarters.

In an effort to continue the irreversible momentum and positive growth of the 1<sup>st</sup> Infantry Division and the installation, the Fort Riley-2015 Campaign Plan provides the road map to the facilities, partnerships, and services we require to be recognized as the US Army’s premier division-level installation by 2015.

**MISSION**

*1<sup>st</sup> Infantry Division and Fort Riley provides trained, combat ready forces to combatant commanders, while simultaneously providing exceptional quality of life for Soldiers, Families, Retirees, and DA Civilians within the Central Flint Hills Region. Fort Riley is widely recognized as the US Army’s premier division-level installation by 2015.*

Fort Riley-2015 allows us to pursue this vision through four primary goal areas: Army Force Generation, Resilience, Sustainability, and Community.

# ARFORGEN

## ARMY FORCE GENERATION

1

### RESET – TRAIN / READY – AVAILABLE = COMBAT READY FORCES

The Army Force Generation (ARFORGEN) model is a flexible and cyclical readiness process that generates combat forces for an indefinite time period, enabling units to systematically man, equip, and train for commitments globally. 1<sup>st</sup> Infantry Division and Fort Riley's priority ARFORGEN requirements are:

**Enhanced Partnership with the Great Plains Joint Training Center:** Joint training with the Kansas Army and Air National Guard at the GPJTC dramatically improves the skills of 1ID units; allowing our brigade combat teams, aviators, unmanned aerial systems, and logisticians to operate at distances reflective of Iraq and Afghanistan.

**1ID Deployment Facility at an Expanded Manhattan Regional Airport:** A dual-use airfield boasting a deployment facility and expanded runway and tarmac would significantly enhance the strategic readiness posture of the Division. Airport expansion would encourage commercial growth, support the incoming National Bio and Agro-Defense Facility, and increase commuter flight opportunities.

**Sky Warrior Initiative:** The Army's decision to field the latest unmanned aerial system in FY12 demonstrates recognition of the unique training environment in Central Kansas. State assistance on FAA authorization of the flight corridor between Fort Riley and the GPJTC is critical as well as military construction funding for the Sky Warrior aircraft hangar.

# RESILIENCE

## COMPREHENSIVE FITNESS PROGRAM

2

### PHYSICAL – EMOTIONAL – SOCIAL – FAMILY – SPIRITUAL STRENGTH

Fort Riley will establish a Resiliency Campus to integrate the Comprehensive Fitness Program, assisting our Soldiers, Families, and Civilians in restoring balance during this period of persistent conflict and deployments. This innovative program requires:

**Development of the Resiliency Campus:**

Physical Fitness and Wellness Center  
Army Community Services Annex  
Child Care Development Center

Spiritual Fitness Center  
Mind Fitness Center

**Combat Stress Reset Program:** Multi-modal PTSD treatment program – request pilot program at Fort Riley with baseline funding.

**Master Resiliency Training:** Army initiative that will assist leaders in developing Resilience in Soldiers before – during – and after deployments. Essential to 1ID Resilience efforts.

**Warrior Adventure Quest:** Inspires Soldiers redeploying from combat to build personal Resilience through *adventure activities*. 1ID requests this program in FY10.

## SUSTAINABILITY

### TRIPLE BOTTOM LINE PLUS: MISSION, COMMUNITY, AND ENVIRONMENT

3

Fort Riley's commitment to Soldiers, Families, Department of the Army Civilians and the Central Flint Hills Region shapes our obligation to implement practices that safeguard the environment and our quality of life. Sustainability requirements are:

**Fort Riley Transportation Network – Infrastructure Expansion:** Rapid population and unit growth at Fort Riley has placed great strain on commuter access to the installation. This challenge will exponentially increase as the deployment cycle aligns four brigades on the Custer Hill complex in 2012-2013. Two 4-lane road expansion projects and Access Control Point improvements will improve the transportation network throughput, efficiently cycling Soldier traffic destined for the hub of Custer Hill from Manhattan and Junction City.

**Army Compatible Use Buffer:** Purchase of conservation easements held by the Kansas Land Trust to protect the integrity of the Fort Riley training lands. Encourage state and local legislation to discourage encroachment and protect the tallgrass prairie ecosystem.

**Fort Riley Energy Strategy:** The Fort Riley Energy Council will research methods to harvest solar and wind power and recommend military construction projects to implement the technology. Fort Riley as a good neighbor and steward of natural resources will host an annual Central Flint Hills Regional Energy Summit.

## COMMUNITY

### CENTRAL FLINT HILLS REGION – 1<sup>ST</sup> INFANTRY DIVISION – FORT RILEY

4

Throughout the last 8-years of combat, 1ID and Fort Riley Soldiers, Families, and Civilians have received exceptional support from our Central Flint Hills neighbors. We move forward as partners in fostering responsible regional growth. Our community requirements are:

**Advance the Regional Planning Organization:** Endorsed by over 40 CFHR stakeholders the RPO must receive elected leader counsel and support within its charter of guiding regional growth and jointly communicating “the story of the Heartland” to Soldiers and Civilians.

**New USD-475 School(s):** As the Army Family population on Fort Riley continues to expand, the school infrastructure is increasingly overcrowded. To address the most immediate need, the Governor's Military Council, the USD-475, and Fort Riley are developing a recommendation for an additional school(s) to be considered by state and federal officials.

# MILITARY CONSTRUCTION

## FORT RILEY-2015: NO LONGER THE ARMY'S BEST KEPT SECRET

The Nation's investment in Fort Riley over the last several years has paid great dividends affording an enhanced quality of life for Soldiers and their Families, as well as enabling the 1<sup>st</sup> Infantry Division to provide trained, combat ready forces to commanders in Iraq and Afghanistan. In an effort to restore balance to a force that has experienced the cumulative effects of eight-years of combat and to set the conditions for the future; Fort Riley requires continued support on critical initiatives to ensure we can maintain the readiness edge of the 1<sup>st</sup> Infantry Division and provide world-class support to our Soldiers, Families, Retirees, and DA Civilians.

### Modular Brigade and Battalion Facilities:

- Brigade Headquarters – 75% of requirement  
Projects programmed for FY09-14
- Battalion Headquarters – 86% of requirement  
1/1 ID and 2/1 ID not programmed to reach 100%
- Company Operations Facilities – 61% of requirement  
1/1 ID and 2/1 ID not programmed to reach 100%
- Maintenance Facilities – 83% of requirement  
Not all facilities programmed for renovation
- Barracks – 88% of requirement  
Projected to reach 99% or requirement by FY14

*Maintain  
projects in  
FYDP for  
FY10-14*

*Continue  
leveraging  
available  
funding to  
improve  
legacy  
facilities*

### Quality of Life Facilities:

- One Stop Soldier Center – Consolidation of services for Soldiers and Families
- Recapitalization Project – Restoration of the current Hospital facility once the new IACH is constructed in 2013; potential for Soldier and Family services expansion (versus sunk cost of demolition)
- Army Community Services Facility – Establish a holistic, state of the art center
- Fort Riley Recreation Complex – Enhance Soldier and Family quality of life

**We are:**

**1<sup>st</sup> Infantry Division:** America’s most storied division, an expeditionary – modular division headquarters, with nine brigade sized units assigned to Fort Riley and three additional installations. The Big Red One has a distinguished history of “firsts.” The proud history of the 1<sup>st</sup> Infantry Division shaped its legendary motto:

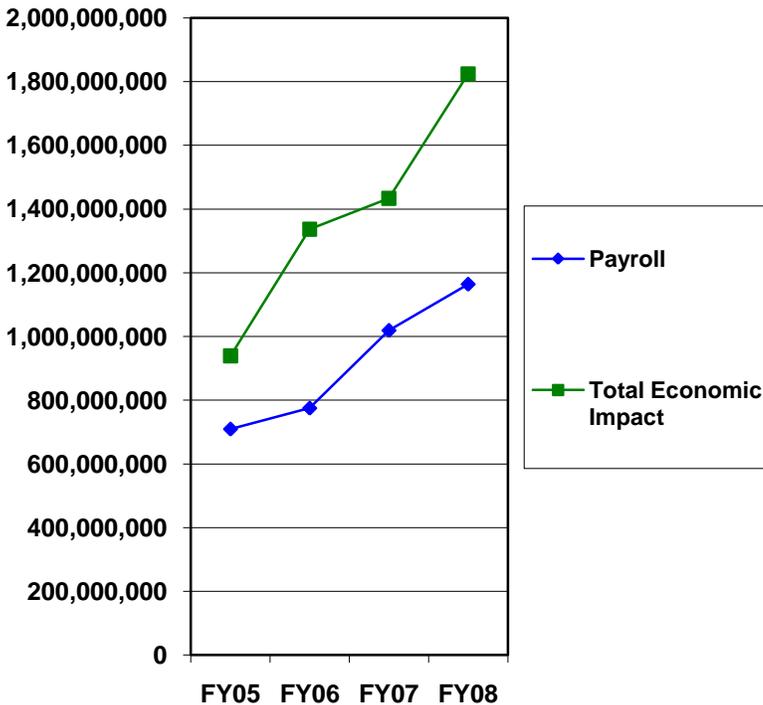

**“No Mission too Difficult, No Sacrifice too Great, Duty First.”**

**Fort Riley:** A historic frontier post, key to the westward expansion of the United States and for more than a century, served as a platform for the mobilization of forces for war. Fort Riley has modernized with some of the most advanced infrastructure in the Army today resulting from the dynamic growth incurred by the 2006 return of the 1st Infantry Division from Germany. Fort Riley has generated responsible regional growth as one of the largest economic engines in the State of Kansas and practices environmental stewardship of the federal government’s largest tract of tallgrass prairie.

**At Home in the Heartland:** 1<sup>st</sup> Infantry Division and Fort Riley are proud of the enduring partnership with the communities that comprise the Central Flint Hills Region. The region represents the heartland of America, community values closely aligned with the Army Values; providing one of the best locations available for US military personnel to raise a Family. The welcoming nature of our neighbors in the Central Flint Hills links civilian and Army Families together in strong relationships.

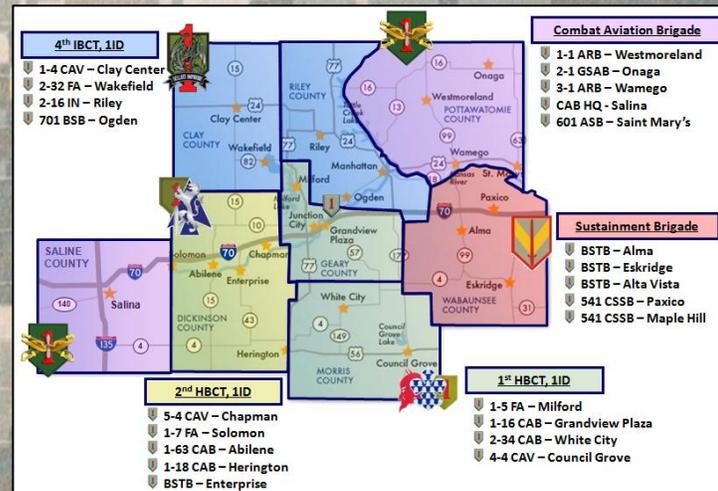

**Economic Impact \$1,823,810,369 (FY08)**

Category	FY08	Amount
<b>Payroll</b>	<b>FY08</b>	<b>\$1,164,418,284</b>
Supplies/Services/Contracts		\$ 179,938,914
Construction		\$ 390,714,993
Education		\$ 13,853,108
Health Care		\$ 74,878,705
Combined Federal Campaign (local contributions)		\$ 6,365
<b>TOTAL ECONOMIC IMPACT FY08</b>		<b>\$1,823,810,369</b>

**Member of the Kansas Central Flint Hills Region Since 2006**

**Proud Partner in the Adopt A Community Program**

- 4,251 Fort Riley Soldiers live in local CFHR communities
- 2,813 Fort Riley Civilians live in the CFHR
